PRESS RELEASE

CLARIFICATION

26th March, 2019: It has come to our notice from the market that there are certain rumours and misleading statements being made in the market about Five Core Electronics Limited and the group and we wish to clarify as below:

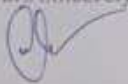

Clarification 1: One of our customer to whom we supply our products who in turn exports the same, was investigated by a Government Authority. The same authority to check the trail inquired Five Core group to match the invoices of our products supplied to them. We now wish to state that we submitted all the pertaining documents as asked by the authority and hence the issue is in order.

Clarification 2: The rumours about the bank limits of Five Core Electronics Ltd. are false and baseless and the company bank limits and exposure are normal.

Clarification 3: These rumours about the company and the group did cause worries amongst employees, vendors and distributors which resulted in some disturbances on the business in the last few days. We would like to now state that the business is normal.

We hereby strongly state that any rumours pertaining to the above are completely false and we would like to reiterate that we are running the business with full confidence and integrity.

Yours Sincerely

Amarjit Singh Kalra
