MBA

MBA is a 2 year full-time graduate program approved by AICTE. Our MBA program exposes students to subjects covering essential aspects of business management to lay a strong foundation of knowledge. The focus of this program is on developing competence in understanding and interpreting the financial services and financial markets.

RANKING & AWARDS

INMANTEC is training and developing professionals required for financial services industry by offering a PG Certificate Programme in Financial Services (PGCP-FS). It is a unique PG certificate programme in Financial Services which will be jointly awarded by INMANTEC & NSE Academy.

Specialized Groups

INMANTEC has a full-time placement department to coordinate placement activities. The placement team works closely with top industry people in a regular basis and maintains continuous interaction with the FINMARKs.

The department also arranges industry seminars, workshops and colloquia in collaboration with the students. Apart from this, the placement department plays an important role in providing growth opportunities to the students. Some of the key activities undertaken by the placement department are:

• Career counselling to help students select an appropriate career in line with their skill set and interests.
• Placements
• Industrial training
• MCA placements
• Trainee placements
• Job assistance
