

# Power of Attorney is like a train reservation. It can be cancelled anytime.

Power of Attorney (PoA) is the legal authority you give your Stock Broker to operate your account on your behalf, as per the authorisation given by you. Just like you have the authority to give PoA to carry out specific activities on your behalf, you also have the power to revoke or cancel a PoA at any point after giving the required notice.

At the time of giving PoA, make sure that the purpose for which PoA can be utilised is clearly stated and that your choice to receive contract notes, quarterly statement of funds & securities and demat transaction statements at your address is clearly mentioned. **For detailed information on PoA, please log on to our website [www.nseindia.com](http://www.nseindia.com)**
